

Special Property RESTRICTIVE Endorsement
This form may remove some coverage.

SLATE EXCLUSION ENDORSEMENT

In consideration of the issuance and/or continuance of the policy to which this endorsement is attached, it is understood and agreed that there is no coverage for loss to or destruction of the siding and/or roof (as designated below) or for its removal or disposal on the

caused by any peril, until such time that the siding and/or roof has been replaced; nor does this policy provide coverage for any water, mold, rot or fungi damage that may result from rain, snow, sleet or moisture which might enter or leak through the siding and/or roof.

Siding is defined as the material typically found on the outside walls or sides of a structure that is used to protect the interior of the structure from moisture or weather. This includes but is not limited to steel, vinyl, plastic, wood, slate, masonite, hardboard, cement siding, brick, stucco, stucco like materials, composition shingle or composite materials. It also includes the vapor barrier, flashing, trim and other similar attached fixtures.

A roof is defined as the material and related products used to protect the structure from moisture or weather. This includes but is not limited to composition shingles, metal roofing materials, slate, clay, terra cotta, wood or synthetic composites. It also includes the underlayment, previous layers of roofing material, decking or sheeting, flashing, trim and guttering system.
